THE SAME FAIR SHOT. EVERY PLAN.

YOUR STORE MAKES THE SALE.

Riders compare here, then visit your product page to buy from you.

RANKINGS STAY INDEPENDENT.

Your plan, payment, and MFR badge never influence ranking or Shipping Score.

REAL PEOPLE. READY TO TALK.

Call at any point during onboarding and speak with a live agent—a real person, not AI.

WHAT COUNTS AS A SKU?

A SKU identifies a specific item or variant in your catalog. Your plan covers all eligible Harley-Davidson and Indian parts in your catalog. Full-catalog participation is required; selecting only certain parts is not an option.

A black part and a chrome version with different SKUs count separately. One SKU that fits several motorcycle models counts once. Stock quantity does not multiply your count.

WHO QUALIFIES FOR MFR?

Your website must clearly state that you manufacture your brand. Kenny personally reviews and verifies your eligibility.

Exclusive importers, territory holders, and master distributors use retailer tiers unless they also meet the manufacturing requirement.

MANUFACTURE YOUR BRAND. CARRY OTHER BRANDS, TOO?

A verified manufacturer lists its complete eligible Harley-Davidson and Indian parts catalog under one MFR account. If you carry other brands, they must be included too. For a mixed catalog, count all active listed SKUs. Your monthly price is the average of $49 and the applicable retailer-tier price.

One account. One charge. Always below the standard retailer price for these tiers. Your MFR badge stays on your own-brand listings.

☐ I also list other brands

$49 / month

Own-brand catalog. First 60 days free.
