REAL EXPERIENCES. REVIEWED FIRST.

Retailer reviews should cover a purchase or direct experience: shipping, communication, service, and whether the order matched the listing. Your review and star rating are sent to **hello@baggermcgee.com** for review before publication.

Rider ratings are separate from the Shipping Score. Leave out order numbers, addresses, and other private details.

DESIGN PREVIEW For Sam and Kenny. Rider account design preview: no account is created, no password is collected, and Garage entries exist only until this page is refreshed. Bike-fit filtering, saved parts, saved searches, and recent comparisons are proposed account features. The review action opens an email draft addressed to hello@baggermcgee.com; it does not send automatically, save a review, or publish a rating. Secure rider authentication, persistent Garage storage, verified multi-bike fitment, and an email-backed approval queue remain launch work. Remove design disclosures before launch.
